Company History

Choob o Honar Home The House of Wood and Art is a family business with five decades of experience in the furniture industry. We take pride in the design and manufacture of stylish, fashionable, and high-quality products by utilizing cutting-edge technology and the expertise of highly skilled human resources.

The company started its operations in 1974 under the name Shirpour Wood Industries. With the growth, expansion, and development of our diverse product range, we relaunched our journey in 2022 under the name Choob o Honar Home.

From the very beginning, our main objective—besides creating employment and entrepreneurship opportunities—has been to rank among the top five companies in the Iranian woodworking industry and eventually develop into a globally recognized brand.

Our achievements indicate that we have successfully reached our initial goals and have taken confident and enduring steps toward global recognition.
